

WEST VIRGINIA TAKES PART IN CAPITAL NEWS

Events of Washington, D. C.,
Are Reported by Telegram's
Correspondent There.

(SPECIAL TO THE TELEGRAM)
WASHINGTON, Feb. 25.—The
thirty-five best photographs made in
the United States in the last two
years, comprising the National Salon
of photography, will be exhibited
when the association of photog-
raphers of the middle states meets
here March 21 for its first annual
convention. The salon is the property
of the National Photographers As-
sociation, with which the middle
states organization is affiliated.
It is expected that the convention
will bring more than 700 delegates
to Washington, and is arousing more
interest than any technical or profes-
sional gathering that has been held
here in a long time. The various
commercial organizations and the
different departments of the federal
government are taking an active in-
terest. The exhibit will include
photographs from the departmental
studios, where various phases of the
many activities of the government
are recorded photographically.
The association was organized last
year, and West Virginia is one of its
members.

Miss Jean Bowers, daughter of the
Hon. George Bowers, former com-
missioner of fisheries, of Martins-
burg, is a guest at the Shoreham.

William E. Grimes, of the govern-
ment printing office, has returned
from Marietta and Parkersburg,
where he had spent the last week.
Mr. and Mrs. Grimes were called to
Marietta to attend the funeral of
Mr. Grimes's sister, Dr. Catherine
Buell, and afterwards visited rela-
tives in Parkersburg.

Bruce Worthington, of Baltimore
and eastern West Virginia, was av-
isitor in Washington this week, com-
ing from a trip through the
orchard section of the eastern part of
the state and the western fruit grow-
ing counties of Virginia. Mr. Wor-
thington has been conferring with
fruit growers and others, relative to
the opening of a large plant for the
manufacture of cider and other
products from apples. Mr. Wor-
thington is connected with other plants
of the kind at Charles Town, W. Va.,
and Winchester, Va., having recently
installed at Charles Town ma-
chinery for producing sirup from ap-
ples according to the process worked
out by the United States agricul-
tural department, which is said to
promise good results. The process,
it is said, consumes a grade of apples
somewhat maller than is desirable
for market, and although of good
quality, are left on the hands of
orchardists by the commercial buy-
ers.

One of the important results of the
recent meeting of the National Board
of Commerce in this city will be a
lengthy report which will shortly
be submitted to the board of directors
of that body which will discuss
fundamental principles and present a
constructive program of farm
finance. The rural credits commit-
tee, of which William Hill, formerly
of Bethany College, Bethany, W. Va.,
is a member, has been very actively
engaged in comparing the results of
personal study of the principles of
rural credit with particular empha-
sis upon conditions in the United

NO APPETITE—LITTLE SLEEP Symptoms of a Run-Down Con- dition, We Have a Remedy.

We ask every weak, run-down per-
son in Clarksburg to try our Vinol,
with the understanding that their
money will be returned if it does not
re-establish their health. Letters like
the following give us confidence:
"I am in the millinery business and
on my feet most of the time. I got
so weak and run-down that I lost my
appetite and was unable to sleep, had
a severe chronic cold and lost my col-
or. I learned about Vinol through a
friend, and within three weeks after
taking it I noticed an improvement,
and soon gained in weight, health
and strength. I am recommending
Vinol to my friends and they also
speak highly of it." Catherine Hoar,
West Chester, N. Y.
In hundreds of cases where old-
fashioned cod liver oil and emulsions
have failed to restore strength and
health, Vinol has succeeded, because
while it contains all the curatives
they do, its good work is not re-
tarded by useless grease and oil—

GET RID OF SCROFULA HOW? TAKE S. S. S.

Fifty Years' Use Proves S. S. S.
Will Relieve Stubborn Cases.

You have noticed the little festering
pimples on the face and body—swelling
of the glands—soreness in the legs
and arms. These are the symptoms
of Scrofula. You may have some of
these symptoms, possibly the taint of
this dangerous condition. Your blood
is infected, impure, and you can never
hope to gain perfect health until the
impurities are washed from the sys-
tem. If you feel badly all the time,
if you must cry every day, if you want
to feel renewed spirits, the glow of
perfect health, bright eyes, clear skin,
the knowledge that you are well, you
can do so. Cleanse your blood by tak-
ing S. S. S. For fifty years it has been
the standard blood purifier. It relieves
the trouble by renewing the blood,
renewing its strength, and stimulating
the flow so that the blood regains its
lost vitality, and throws off the poison.
Even long-standing cases respond. But
you must use S. S. S. Take it for all
blood infections.

DOUBT TWO? YES THOUSANDS, NO

Theatrical Manager's Sister
Tells of Relief. Tanlac Wins
Friends Everywhere.

Doubt one person's word? Yes.
Doubt two? Perhaps. Doubt thou-
sands? No! To print the thousands of
testimonials received since Tanlac
was first announced is very near im-
possible. But we will print these as
fast as space will permit. Here is an
instance of a Huntington woman
being relieved through the use of
Tanalac. She said:
"I suffered from stomach trouble,
nervousness, sleeplessness and a
poor appetite. Gas formed on my
stomach after eating and my nerves
were all unstrung causing me to
lose sleep and seldom get a full
night's rest. I read of the great ben-
efit other people were getting from
Tanalac and since taking this new
medicine I feel a great deal better.
Nerves are so much better and feel
it will eventually cure me for I have
only taken it a short while, but al-
ready have a very good appetite and
sleep fine. It is a wonderful reme-
dy."
The above statement was issued
by Miss Johnson, a sister of a theo-
retical manager of Huntington. People
in all walks of life are benefited by
Tanalac. You will be too if you will
go to Farrell's Drug Store and get a
bottle today. Delay is dangerous.

Wednesday to ask him to restore to their previous salary status 512 let-
ter carriers in the United States, who, by reason of their advanced years, were recently reduced on the salary roll from \$1,200 to \$1,000 and assigned for collecting mail exclu-
sively. Their interest in this matter resulted from their investigation of the demotion of Letter Carriers O'Brien and Tappan, of Wheeling.

In the last Congress a bill was introduced to give Oliver P. Stringer, of Wheeling, a pension of \$50 a month.

The committee rejected it. To reintro-
duce a bill of this kind after it has been rejected, requires the per-
mission of three-fourths of the mem-
bers of the committee. Congressman Neely secured this permission two months ago, and again introduced a bill in behalf of Mr. Stringer. This time the committee reported favor-
ably, and, in the same mail that brought to Mr. Neely's office the notice of the committee's favorable action, also brought notice of the death of Mr. Stringer at his home in Wheeling.

The youthful Raymond and the capti-
vating Bessie Malong refused to take a dare and left Bustanoby's on Thir-
ty-ninth street, and fled to Jersey City where they were married.

Broke with Wealthy Girl.
"You see," said Mrs. Bowdoin, "Bud was engaged to a girl named Estelle Clark, daughter of the thread manu-
facturer. They are enormously rich. For some reason the engagement was broken off. There was another man or another girl, I just didn't get the inside facts.

"Mrs. Bowdoin wouldn't have mind-
ed Miss Clark as a daughter-in-law. She liked me until she found out I was a model. And when she found it out—well, I can not describe it.

"She begged me to release Raymond. She went to my mother, who lives at 164 East Eighty-second street, and begged her to call me off.

"She wept for a day. I told her I didn't want money. I really did love friend husband then. We went to live in a boarding house for a while. Then his folks set us up in a flat at One Hundred and Nineteenth street and Morningside drive. It was quite a flat. They gave us two pine tables, a few kitchen chairs, a bed, a rug and a few dishes. I could go out and get bet-
ter and more stuff for \$60.

On His Way to Reno.
"Finally, on June 25, Bud said he was going out to Nevada to work. I received one letter a week. It said

Why Suffer From Migraine or Sick Headache?

Dr. J. J. Caldwell says that this exceedingly distressing disease does not shorten life, but does not appear to be curable. Sufferers from this affliction are condemned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent, and finally disappear entirely. Fallacious measures during the attack are all that is possible to suggest, while care in the diet is the best preventive measure. An attack may often be prevented by taking two anti-kamnia tablets when the first symptoms appear, and one anti-kamnia tablet every two hours during the attack. Anti-kamnia tablets may be obtained at all drugists. Ask for A-K Tablets. They quickly relieve all Pain.

CHORUS GIRL TO FIGHT DIVORCE ACTION

Declares Husband's Family Will Have Hard Time in Getting Divorce.

PHILADELPHIA, Feb. 25.—Mrs. Raymond W. Bowdoin emerged from the stage door of the Forrest theater in a highly indignant state of mind.

"Did you see that big fellow with a raincoat leave here a minute ago," she demanded. "Well, he told one of the girls that I'd better forget Raymond, because I wasn't going to get any satisfaction by contesting the divorce. Detectives have been following me ever since June 25, when Raymond left me.

"I shall fight and I shall not let them make me the goat."

Mrs. Bowdoin is a member of the chorus of "Around the Map"—a very pretty member, by the way. Her husband is Raymond Winthrop Bowdoin, son of James Sullivan Bowdoin, of the firm of J. P. Morgan and Company.

The Bowdoin live at 465 West End avenue, New York. December 2, 1914.

When Croup Comes Treat Externally

The old method of dosing delicate little stomachs with nauseous drugs is wrong and harmful. Try the external treatment—Vick's "Vapo-Rub" Salve. Just rub a little over the throat and chest. The vapors, released by the body heat, loosen the choking phlegm and ease the difficult breathing. A bedtime application insures sound sleep. \$5, 50c, or \$1.00.
